Computer & Network Solutions

Technology Solutions for your Business

Pliros Design and Support Services

Computer System Design Services

Pliros is committed to providing our clients with exceptional products and services. Our computer professionals will meet to review your current systems, analyze your requirements, recommend, procure and implement equipment and applications to provide an exceptional system. Pliros can transfer key legacy files and data to the new system.

- **Computers**
- **Applications**
- **Backup Planning**
- **Security**
- **Remote Office Connectivity**

Support Services

Small and midsize businesses depend on technology to run their business, but may lack the in-house knowledge and expertise to support these systems. We will diagnose the problem and implement a solution.

- **Spyware/Virus Removal**
- **Network Troubleshooting**
- **Fix Application Errors**
- **Peripheral Setup**
- **Hardware Problems**
- **Online Backups**
- **Data Recovery**

Network Design & Installation

Our experts will design your network, security, and internet connectivity. We will recommend, procure and install the appropriate equipment and service providers.

- **Firewall Configuration**
- **Wireless Networking Setup**
- **Internet Connectivity**
- **Voice and Data Cable**
- **File and Network Servers**

Support Options

About Us

Our expert staff has years of experience in the design, implementation, and service of computer systems.

We specialize in companies ranging from 1 to 35 people. Our clients' industries include finance, manufacturing, insurance, real estate, sales offices and alarm companies. We provide our clients with timely responses and cost effective solutions.

Client Testimonials

“Pliros is there when Advanced Decisions needs IT support. ... moved into our current offices, Pliros did the difficult cable runs and corporate LAN setup. They get the job done on the first visit.” - G. Felberbaum - President, Advanced Decisions

“Pliros redesigned and upgraded our computer systems and network, increasing our employees productivity” - K. Ponelli, - President, Summit Financial Group

“Pliros staff is exceptional, providing brilliant solutions for issues while being extremely cost effective for their clients” - J. Raffone - President, Rite Way Alarm
